FY2020 Young Professionals Grant Program Guidelines

Purpose

The attraction and retention of young professionals to our region is a top priority for Greater Cincinnati. Compared to our peer regions across the country, Cincinnati is seeing slower growth in this key demographic. Maintaining a workforce that is diverse in age is vital to a thriving, growing community. Business and civic leaders, including the Cincinnati USA Regional Chamber, are focused on finding ways to build awareness among young professionals about Cincinnati and to engage more deeply those that are already here.

ArtsWave's research on arts engagement in our community revealed the power of the arts to attract, engage, and retain residents. Community members who reported a high level of arts engagement also showed high levels of civic engagement, reported a growing circle of friends, and had a higher opinion of the quality of life in Greater Cincinnati. The arts deepen roots in the region. As part of the Blueprint for Collective Action, ArtsWave's 10-year action plan, we are being intentional about creating and funding more arts activities and programs that target young professionals and help them to become more deeply rooted in Greater Cincinnati.

The ArtsWave Young Professionals (YP) Grant Program began in 2016 and is an initiative that provides funding to support programming that engages young professionals. The funding to support the FY2020 YP Grant Program will come from donations made by young professionals to the 2019 ArtsWave Community Campaign.

Who May Apply

To be eligible for the FY2020 YP Grant Program, an organization must meet all the following criteria:

- Have a 501(c)3 tax status.

Eligible Requests

ArtsWave recognizes there is a lack of resources dedicated to programming specifically for young professionals. To be eligible for the FY2020 YP Grant Program, the proposed programming should:

-
- Be participatory, social, and recurring
 - Encourage personal investment in the organization and/or community
 - Seek to increase engagement among young professionals who are already engaged
 - Strive to reach young professionals that are not already engaged
 - Have a plan for long-term sustainability

Proposed programming must begin before December 31, 2019, or a solid plan must be in place to begin programming within the first quarter of 2020.

ArtsWave believes that strong arts create strong communities, and actively seeks to promote access, equity, and inclusiveness in its grantmaking. ArtsWave will not award grant support to organizations that, in their constitution, bylaws, or practices, discriminate against a person or group because of age, race, national origin, ethnicity, gender, disability, sexual orientation, political affiliation, or religious belief. In doing so, we seek to promote respect for all people.
